### Moving Forward – Praise The Lord

There has been a lot of movement during the month of January. The hearts of God's people were moved to provide the funding need to complete the construction of two new classrooms for Strong Tower Christian School as well as the furnishings required for the new school year beginning March 7th. A copious amount of building materials moved from various suppliers out to Pueblo Nuevo to fuel the energetic workers who moved at an alarming pace to assemble trusses, put up walls, and install wiring, drywall, exterior siding and tile. Twenty

three volunteers moved by air & by land to participate in the project, and a few still remain to complete the finishing touches. We thank each one of them as well as all those who pray and support this vital ministry. Many new students are already signed up for school which translates into many new families to which we can bring the gospel.

**No Time To Be Stationary** One night last week at 10:30 pm one of the local district attorneys called to ask if we could accept a six year old boy and his one year old brother. We told her that Morning Star Children's Home was already overflowing at 19 children and there was no way we could handle any more right now. She pleaded that we at least allow them to spend the night at Morning Star so they could not have to endure sleeping at the local police station. The ever trusty inflatable mattresses came out for the night and in the morning we discovered the one year old had a twin brother who had just been located. With heavy hearts we said good-bye praying for the day we could add more houses at Morning Star that with the right house parents could be turned

into warm, loving and protective homes for them and others. Bob & Janet Coates are in Florida this month and filling in for them as house parents are Carlos & Gloria, a young couple who have been with us for some time in different capacities. We're utilizing this opportunity as a "try out" for the day when another house is ready to implement. We could already fill one of them with the current overflow, so it's no time to slow down much less stop the advancement of the ministry to these God's precious children.

Your prayers are greatly appreciated!
