**ALMOST READY: NEW CLASSROOMS
FOR STRONG TOWER**

With less than three weeks to go before classes at Strong Tower begin on March 8th, we're happy to report that the classrooms are almost finished. Arthur Burnham is putting in the last of the light switches, the last couple of bathroom walls are being painted and the

floor tile is being laid. As for the student body, there are only a couple of spots left in two of the classes so we should begin with a full roster, not to mention the waiting list in the kinder garten classes. We are once again offering scholarships in the "work for tuition" program as they become available through sponsorship by the Lord's people who are willing to cover the \$250 a year tuition cost per student. This has been a financially difficult year the world over, but the Lord has faithfully provided every step of the way and we expect no less as the school year begins.

WEDDING BELLS

Carlos has worked with us since the beginning of the Pueblo Nuevo project. Gloria came to visit last January and stayed on as an assistant in House #1. A few months ago they decided they wanted to join forces in serving the Lord and on February 13th they got married at City Hall (the only legal kind of wedding here in Peru). On Sunday the 14th we had a brief ceremony asking the Lord's blessing on their marriage at the assembly in Pueblo Nuevo. It was certainly a happy occasion. Gloria's parents and grandmother were able to make the trip up from Cañete, a small town a couple of hours south of Lima. After the ceremony there was lunch for all the guests and then we all celebrated the Lord's Supper together before they took off to the beached of northern Peru for their honeymoon. They both plan to continue working at Morning Star.

Sing unto Jehovah; for he hath done excellent things: let this be known in all the earth. Isa 12:5
