SEED SOWERS: Greg McIsaac from Prince Edward Island, Canada brought his son and 4 teen girls from their local church. Their arrival coincided nicely with that of Jessica DeJager and her travel companion Bernice Bouter. Their weeklong stay was devoted to blanketing Pueblo Nuevo door to door with packets of gospel literature. They were joined in this effort by several of the youth from the church here and it was a joy for them to see as they would walk back to the compound, the people sitting in doorways and street corners immersed in the reading of the gospel tracts they had received. Please pray for the seed sown and for the follow up as the Lord touches the hearts of our neighbors here. We are looking forward to a similar distribution project in the adjoining town of Ferreñafe to be undertaken by a team from Colbert, GA the first week of June.

Mother's Day Celebration Every year Strong Tower invites the student's moms to a program of

music, games, and snacks and of course the Gospel. Each year the group gets larger, yesterday there were over 250 present for the event. We praise the Lord for the opportunity to expose each one to the sound of His Word.

ONE MORE THROUGH THE GATE! Carmen was saved and baptized last year, she and her son have been very faithful in their attendance but the prayers for her husband Roman have been included at every prayer meeting. Although he attends once in a while he had not yet decided to follow the Lord, until this past Tuesday night, when after prayer meeting he stood up and manifested he'd like help to pray and turn his life over to the Lord, yet another family completed and now worshipping together.

Oh that men would praise the LORD for his goodness, and for his wonderful works to the children of men! Psalm 107:8
