September 30th, 2011

“WELCOME, New Arrivals”

No sooner had space become available; we received a call from one of the local family courts seeking to place a 6 year girl with us. Her name is Milagros and she had been seriously neglected by her alcoholic parents. She is adapting well to House #2, and enjoying the love and attention.

Strong Tower Christian School welcomes Nancy Clark who is the new English teacher that will be heading up the English language program for the remainder of the 2011 school year. Nancy was raised in Peru and after many years of working in the dental industry obtained her ESL certificate and also taught English in a private school in Columbia. Please pray the Lord will lead her to stay on at Strong Tower in the future.

The name of Jehovah is a strong tower; the righteous man runs into it and is safe. Pro 18:10

The school also hosted its annual Family Spring Picnic this month at the municipal sports complex just down the street. Close to 200 people turned out for a day of fun games and activities, lunch and a parent meeting where the gospel was shared with all present.

Thank you for your continued prayers on our behalf.
