

“Morning Star” Children’s Home News Bulletin

January 30th , 2008

WE’LL MISS HER!!

Arecelli’s new parents hosted a departure party for her at Morning Star yesterday. A very loving couple, Marco & Claudia are from Italy, and although it was difficult to say “Good-Bye”, we thank the Lord that she has a loving home. We are confident the seed sown in her heart

will bring forth fruit as the Lord watches over her wherever she goes.

BETTER ADOPTION OPTIONS

Naturally our desire is to see the children that come through Morning Star find Christian families, which is why the meeting Carol & Tom had in Lima last week with the Peruvian adoption authorities was so important. Navigating through Peruvian adoption laws can be tricky, but most of all the best situation are achieved through establishing & maintaining good relationships with those “in control” of the decision process. We were very encouraged by the offer on their part to allow as much leeway as legally possible for us to work with Christian adoption agencies in the US in targeting specific cases and allowing the couples to request these cases specifically. Soon we will be posting “Target Cases” on our new website; www.morningstarperu.org , since the authorities have agreed to let us scan and store the actual case files with the purpose of promoting their adoptions. Please pray for wisdom in taking advantage of this window of opportunity while it remains open, and knowing how best to manage time and resources in conjunction with the bigger picture of the ministry involving Morning Star, Strong Tower Christian School and the local church here in Pueblo Nuevo.

Thank you all for your prayers!
