SPRING PICNIC 2010

Spring Picnic is Strong Tower's yearly family event! Yes it is spring in Pueblo Nuevo, lots of sunshine and warmer weather. A wonderful day of family activities, games for all ages and a wonderful lunch. Also included in the day is the Universidad de Padres (Parent College), the monthly instructional meeting for the parents that ranges through a variety of topics throughout the year but always includes a

very clear presentation of the gospel. Over 150 people turned out including the mayor who gave a short speech after lunch. Mark DeJager and his team of teachers did an excellent job of organizing the event and thank the Lord everything very smoothly.
