

Rising Star Morning Star

“Morning Star” Children’s Home News Bulletin

October 3, 2007

Jorge and Margarita, the house parents that have been serving with us for almost two years now have given us their decision to continue on indefinitely, for which we thank the Lord. As you can see in the picture above, the lines have been laid out for digging the foundations of the new

house which will be built as the Lord provides. This will allow them to move over there and leave the existing structure for use by the “Strong Tower Christian School. Mateo and Nicole are on the verge of leaving us as their adoption process continues. Eventually, with the addition of the second floor, another set of house parents will at that time increase the capacity of the Morning Star Children’s Home.

We are praising the Lord for placing it upon the heart of a young women from an assembly in Kansas to come and teach English at the school for a year. She should be arriving in January to help prepare the curriculum for next year.

We continue to be encouraged by visitors from the surrounding neighborhood who attend Sunday services, and eagerly listen to the gospel. Please continue to pray that the heavenly Father would call them unto Himself.

The US consulate has decided that Josi does not qualify for a resident visa, until such time as we (her parents as her “petitioners”) take up residence in the US. So for the time being, she be here at home with us. Lucy did however because she is still underage, qualify and has been granted US citizenship. So that seems to be the end of the road for that batch of paperwork for now. While Aleks awaits DOD clearance for Iraq, he’s working at the company offices in WA. Zoe is due to be born on the 19th. Carol will be there by then Lord willing.

This Sunday will be there monthly elders retreat. These continue to be well attended for which we thank the Lord. This month, taking advantage of the fact that Monday is a national holiday, there will be an elders and full time workers conference in Trujillo. Ian Burness from Echoes of Service, (Missionary Service Group in Great Britain) will be Speaking, Tom will do the translating that day.

Left: Mateo is happier these days now that he gets to spend time in the new swings.

Right: "Samba" our new 5 month old Giant Schnauzer puppy is helping Mary get over her fear of dogs, and is also a great playmate for the kinder garden kids during recess.

Thank you all for your prayers!
