

Rising Star

News of some of the Lord's work in Northern Peru

After more than a decade of meeting on Sunday afternoons, the congregation in Pueblo Nuevo decided to move the services to Sunday mornings. We now begin the worship service at 8:30 am followed by Sunday School at 9:30. The schedule change seems to have been very well received as we had the best attendance we've seen in quite some time.

For many months we have been struggling to discern the Lord's will regarding the ministry here and this week we have decided that Strong Tower

Christian School should close its doors at the end of this school year which is this month. Graduation will be December 20th. Though it has been a very difficult decision to make we are convinced that it is what the Lord is asking us to do. In the new year we will focus on the building up of His church here in Pueblo Nuevo as well as continuing to provide a loving and secure home for at risk children through Morning Star Children's Home, which after operating on a smaller scale for a couple of years we expect to see grow and expand as we are able to devote more time and resources in that direction.

Many valuable lessons have been learned along the way and we expect to be challenged to learn many more should the Lord tarry in His coming to take us home. We are very thankful to Him for continuing to allow us to be used by Him here and we value your involvement in these opportunities that loom before us.
