

# Rising Star

## *News of some of the Lord's work in Northern Peru*

Our collective prayers were answered this month as Derhek met his new parents. The standard procedure calls for the new parents to spend a few hours visiting the first day they arrive. The second day they get to take the child off campus for the day accompanied by the representative from the adoption office and if all goes well the third day he is signed out into their custody and final adjudication is signed about a week later.

Derhek who is normally shy

around strangers took about 5 minutes to warm up to the and it was clear sailing from then on. The week prior the lawyer in the adoption office made a comment about how smoothly the adoptions always go at Morning Star so it was a chance to educate her about the power of prayer. Thursday the new family headed home to Lima to a warm welcome by all of Derhek's new relatives.

Anabel came to Morning Star last July from a very conflicted family environment. As she came under the sound of God's Word and began to know His love, she responded by accepting Christ as her Savior a few months later and in January asked to be baptized. She has shown clear evidence of spiritual life and is growing in her faith. Her stepfather and two younger stepsisters are regular visitors and her legal case is tracking for a possible return to her family later this year. Her family has shown interest in learning more about the faith that has brought about such a marked change in Anabel and we were able to direct them to a good church just a couple of blocks away from their home. This past Sunday the whole family was in attendance there for the first time so please pray that this networking we bring the entire family to the Lord.

We are thrilled to see the Lord at work in each individual He brings our way and for all those who support the ministry here with their prayers and giving.
