

“Morning Star” Children’s Home News Bulletin

July 31, 2007

The clock continues to spin out of control it seems.....however the Lord is gracious in providing wisdom along the hurried way. Last week Tom, Josi & Lucy went down to Lima and back in two days for the

girls medical exams for their citizenship application. Saturday upon their return, the entire ONDA team which ministers every Saturday met at Star for several “continuing education” classes, to improve their ability to minister to the children they reach and to fellowship together.

Our niece Katelyn who as been a fantastic help over the last six weeks left Sunday night to return to college. The believers continue steadfast in the study of the Word, and the weekly prayer meeting has been moved to Tuesdays to allow more time for the men’s Bible Study class that precedes it.

Tonight Tom, Josi & Lucy will be returning to Lima for the appointment at the US consulate and will return Friday along with the Missions Team from Hiawassa Bible Chapel, 19 volunteers who will embark on a 10 day project to build a jungle-gym at Star, paint the outside wall and visit several of the assemblies here to encourage the believers. Tom’s oldest brother Jim and his wife arrive on the 9th to spend the weekend, and the day they return to Lima/US, John Mark Bjorlie another two week volunteer from Grand Rapids will arrive to help with various projects that are ongoing. We are praying that during all this activity we will also be able to break ground on the new houses for the orphanage, the couple interviewed in Ica as potential house parents have committed to the task and Lord willing by the end of the year Star will expand to having two homes functioning and the added space will allow us to transform the existing house into classrooms for the Strong Tower school for the following school year.

Gracie’s personality continues to blossom and she is growing quickly, already we’re having to mix cereal in with her milk to keep up with her appetite. Thanks so much for your continuous prayer on behalf of all the aspects of the ministry here.

By His grace alone,

Tom, Carol & the Morning Star Staff
