

Rising Star

News of some of the Lord's work in Northern Peru

THE POOL IS OPEN!!! Our Starlights inaugurated the new pool with much excitement. A fence surrounds it to keep the smaller ones from accidental entry when they are in the play area. The water is pumped out nightly to water the lawns and fresh water from our well fills it each day, thus avoiding the need for chlorination and an expensive filter system. This new addition will provide countless hours of fun and healthy exercise for years to come. Such a blessing from our gracious heavenly Father!!

Early this month our kindergarten teacher Carmen, suffered a fall at home injuring her shoulder and we had to shuffle schedules around to cover her time slots but our excellent staff stepped up and pitched in and the month has flown by. She expects to be able to return to her normal activities next week.

Please pray especially for Ana's salvation. She has had a very tumultuous life until now and is somewhat hardened to the idea of a loving God who cares for her. Pray that seeing His love through the staff on a daily basis will soften her heart to receive God's Word as truth and as the only path to healing her soul.

As we are currently operating at capacity the constant calls from Child Protective Services looking for placements for at risk children is a continuing reminder us that there is much more to be done and that your prayers and support as you partner with us will in the Lord's timing allow us to continue to grow and reach more of these precious children for the Kingdom of Christ.

Please continue to pray for stamina, patience, and wisdom, as well as the ability to maintain the appropriate focus on each individual child and their needs. We very much appreciate all the ways you support this ministry.

Thank you so much for your prayers!!

The Staff at Morningstar
