News of some of the Lord's work in Northern Peru

It really didn't seem like it had been 5 years since we had a full team come from Colbert, GA., but we were blessed to have them back, some repeat volunteers and some new to Peru. It was a productive and fun week as they accomplished a lot of maintenance work on the property and spent valuable time with the children who loved the extra attention. We were able to show them some of the sights, sounds and smells of our part of the country, from the pre-Incan pyramids to the Pacific Ocean. They were a real encouragement and we thank the Lord for their sacrifice to come and help.

Franco is eagerly awaiting his follow-up appointment with the orthopedic surgeon the 20th of this month. We trust the Lord will answer prayers and allow his cast to be removed. We also just got word that he and his twin brother are now eligible for adoption. Your prayers will be important for the Lord to provide the right forever family for them.

As we face daily challenges of caring for 31 children, His wisdom and grace are vital to sharing His love in a daily and practical way. Please pray for stamina and perseverance for all of us here at Morning Star.

We are very thankful to the Lord for your prayers and interest in the ministry in this little corner of the Lord's kingdom.
